REACH NEW HEIGHTS

Rock Climbing Enrichment Program

LA JOLLA YMCA

Learn the basic fundamentals of rock climbing in this fun and challenging program! Children will learn climbing safety and strategy while progressively working their way to the top of the rock wall. Kids will also participate in fun activities like creating para-cord bracelets and other crafts, compete in relays and learn what it takes to be a rock wall master. Most importantly they will make new friends and try something new. Curriculum may be adapted to adequately fit ages and skill levels.
